

# ROYAL ARTILLERY HUNT

## NEWCOMERS' WEEKEND - 1 & 2 OCTOBER 2016

**For newcomers/old hands/those who want an action packed hunting themed weekend! Arrive Friday evening for get together pub supper if you can.**

The RA Hunt (the only remaining Military Foxhound Pack) extends a warm welcome to all at its annual Hunting Clinic on Salisbury Plain. This established event is especially designed as a taster for those new to hunting (either horse or rider) but is equally challenging for 'old hands'!

Participants are invited to join the Friday evening pub supper beforehand with early morning autumn hunting to follow the next day.

The weekend gives an overview of how hounds work, hunt staff roles, horn calls, history and etiquette together with talks and practical demonstrations plus a visit to the RA Hunt Kennels.

A full programme includes riding cross country over the Larkhill British Eventing course with the encouragement and guidance of experienced instructors.

Quote from a first timer hunting on the Plain:-

*It was an absolute treat to hunt with you and the pack. The plains are simply magical. The additional surreal spice came in the form of bursts of rapid fire in the reconstructed German village and 100s of soldiers emerging from nowhere on full military exercise: most unusual for me!!*

*The horses did not budge. I was most amused!!!*

*Christophe Gailly de Taurines*

Course Fee: £270
